Committed to Providing Safe, Clean Water to All Our Members

December

A MONTHLY PUBLICATION

2020

Happy Holidays and A Safe, Prosperous New Year

Getting a Boost

Entranosa's crews install new booster pumps at the Frost Midline Booster station. The boosters will increase pumping capacity from 800 gallons-per-minute (gpm) to 1,100 gpm during the peak season.

New Booster Station

At the intersection of Frost and Vallecitos Roads, a new booster station has been installed. The booster will improve flow and pressures for members at Vallecitos Estates, Richland Ridge and Richland Meadow, along with reducing the demand on the Woodlands Tank.

Line Extension Along Horton Road

The line extension along Horton Road south of Venus Road, is on the way toward completion. Entranosa will welcome three new members when this extension is finished—and pave the way for more homeowners to join.

Closures During Holidays

In honor of Christmas, Entranosa's office will be closed on Thursday, Dec. 24 and Friday, Dec. 25. We will reopen at 9 am on Monday Dec. 28. The office will be closed on New Year's Day, Friday Jan. 1, 2021 and reopen at 9 am on Monday, Jan. 4, 2021.

Entranosa Water & Wastewater Association

Office: (505) 281-8700

Emergency: (505) 604-5935 www.entranosawater.com

ENTRANOSA WATER NEWS

Committed to Providing Safe, Clean Water to All Our Members

Entranosa Water's 11/24/20 Hardness Reading: 20 grains

Average Water Usage: Nov, 7,097; Oct, 8.827 gallons

New Well, Increased Capacity

A technician from Rust Automation & Controls finishes the final meter connection to the new East Pine Canyon Well. More than a year of work and \$1 million+ investment will add an additional 375 gallons-per-minute, increasing total pumping capacity by 25 percent.

Culprit Found!

Over the last six months, Entranosa has been experiencing high water loss. This 1-inch leak finally surfaced and was called in by one of our members. It caused over 7 million gallons of water lost per month. That's why we ask members to watch out for green areas along roads or in fields that should be brown.

Tank Nearing Completion

The new Section 6 tank is going up fast. In fact, it is on schedule for being complete before the end of the year. These time-lapse photos show the progress.

Entranosa's Board of Directors

Chair : Linda Barbour **Vice Chair:** Lee Liggett **Secretary:** Rik Thompson **Treasurer:** Dennis Hodges **Members:** CJ "Skip" Mead, Paul Gorder, Rob Baracker
