

YOUR LOGO HERE

You now have online access to your hourly water usage information.

As part of our ongoing efforts to improve services to our customers, we are now offering you direct and secure access to your water usage data. The [Utility Name Here] EyeOnWater suite of available tools includes a secure online website to review and analyze your usage patterns. A consumer smartphone app will be made available after the initial online sign-up.

To access your personalized online portal visit:

Your Portal Address HERE

You will need the following information to register for an online account:

Zip Code
Account Number or Access Code
E-mail Address
