

# When was the last time you checked your Water Pressure?

## Do you suffer from:

- Banging pipes or spitting from the faucet aerator when turning on a faucet?
- Short life of the water heater?
- Leaking Faucet?
- Short life of a washing machine or dishwasher?
- Running Toilet?

**These symptoms are frequently caused by excessive water pressure!**

Plumbing Codes require Entramosa and the Homeowner to install PRV's (Pressure Regulating Valve).

*We have ours protecting you!*

**IS YOURS INSTALLED?**

If not, we recommend testing your water pressure.

**Recommended  
Water  
Pressure**

**Need a Water Pressure  
Test Gauge?  
We Sell Them!**
